

## **WATER PARK OPENING FESTIVITIES**

*CMHA hosted four water park events this summer for residents and families*

In the month of June, CMHA delivered not one, but four major water park celebrations for the residents of CMHA's Cedar, Riverside, Woodhill, and Outhwaite Estates. Parks are now open for the summer from 10 a.m. - 8 p.m. from now through Labor Day.

"The children look forward to this time every year when school lets out," said George Phillips, CEO of CMHA. "The water parks in the communities give families a central meeting place to spend time together and the children an outlet and safe place be kids and have fun."

A grand total of more than 250 people came out to join the festivities and support CMHA at the four different estates. Residents and families enjoyed snacks, music, and lots of time well spent together playing in the water parks.
