

## **Riverside Park Summer Youth Program**

This year the students at Riverside Park experienced a fun-filled summer including arts and crafts, cooking classes, reading and rap, music, cheerleading, football, basketball and puppetry. In addition, the children went on field trips to the Cleveland Public Zoo, the Cleveland Public Library and the Berea County Fair. The kids were also able to experience sharing and caring for the senior citizens in the community by performing a full-staged puppet show. The summer program concluded with a community presentation of all the events that were accomplished this summer. "This summer's program was an event that our kids will never forget!" said Michael Burns, CMHA Self-Sufficiency Coordinator.
